

I made this sketch as I was bored of studying for my next day Test. So I borrowed the sketching stuff of my friend 'Akhilesh'. And drew this picture of 'Vito' that was in my computer. This is one of my all time favourite games ever made. Please do comment and provide feedback even if you don't like it. But try to be nice.

I'm a physicist specializing in computational material science with a PhD in Physics from Friedrich-Schiller University Jena, Germany. I write efficient codes for simulating light-matter interactions at atomic scales. I like to develop Physics, DFT, and Machine Learning related apps and software from time to time. Can code in most of the popular languages. I like to share my knowledge in Physics and applications using this Blog and a YouTube channel.
