

Today, 31st October, the Indian Government celebrated the birth anniversary of Sardar Vallabhai, by organizing a Run for Unity Marathon. Keeping in tune with the government my college, Acharya Narendra Dev or popularly known as ANDC, organized a Run For Unity Marathon too. All the early lectures were suspended so that more and more students could participate. The Marathon started at 9 am sharp with the speech from the Principal(Institution Head). The students had a lot of fun and enjoyed thoroughly. Here are some pictures of me and friends taken during the programme.

Manas Sharma

I'm a physicist specializing in computational material science with a PhD in Physics from Friedrich-Schiller University Jena, Germany. I write efficient codes for simulating light-matter interactions at atomic scales. I like to develop Physics, DFT, and Machine Learning related apps and software from time to time. Can code in most of the popular languages. I like to share my knowledge in Physics and applications using this Blog and a YouTube channel.
