

One of the most popular hack and slash game released by [Capcom](#). The fourth title in the blockbuster DMC series.

[DMC 4](#) was such a huge hit as it was highly optimised for PC, unlike its predecessors.

Not only the game but its characters and storyline is what makes it such a celebrated game among gamers.

Talking about the story-line, I know that the amazing between the scene videos must have got your attention and mind.

You probably want to experience the story again but don't to play it again.

Don't worry! I recorded all the cutscenes of the game using FRAPS.

Go on start watching....
