The exam was held on 3 December, 2015 for the fifth semester students.

Don't forget to share it with your friends and spread the word.

Being a DU student(Physics Hons.) myself, I can tell you the importance of studying the previous years papers is a lot.

Almost all the time it gives you an estimate and idea of the question formation and topic weightage.

Sometimes even the same questions are asked again, though not in consecutive papers.

Wish you Good Luck! for your exams. Don't forget to share it on facebook.

If you have any questions, post a comment and i will get back to you.

'Sharing is Caring'.
