

How to change the title of an Android Activity shown in the Action Bar? [Solution] | 1  
To change the Title of an Action Bar which is basically the title of an activity:

- Open the *AndroidManifest.xml* file and edit the *label* of an *activity* as shown:

```
MainActivity.java x layout/activity_main.xml x land/activity_main.xml x AndroidManifest.xml x
<?xml version="1.0" encoding="utf-8"?>
<manifest xmlns:android="http://schemas.android.com/apk/res/android"
    package="com.bragitoff.test2" >

    <application
        android:allowBackup="true"
        android:icon="@mipmap/ic_launcher"
        android:label="@string/app_name"
        android:theme="@style/AppTheme" >

        <activity
            android:name=".MainActivity"
            android:label="This is the Title" >

            <intent-filter>

                <action android:name="android.intent.action.MAIN" />

                <category android:name="android.intent.category.LAUNCHER" />

            </intent-filter>

        </activity>

    </application>

</manifest>
```

That's it!!!

I hope it was helpful.

If you have any query or doubt leave them in the comments section down below.

## Manas Sharma

I'm a physicist specializing in computational material science with a PhD in Physics from Friedrich-Schiller University Jena, Germany. I write efficient codes for simulating light-matter interactions at atomic scales. I like to develop Physics, DFT, and Machine Learning related apps and software from time to time. Can code in most of the popular languages. I like to share my knowledge in Physics and applications using this Blog and a YouTube channel.
