

Nuclear and Particle Physics Previous Year Question Papers [Msc Physics Delhi University] | 1
So I enrolled myself in the M.Sc Physics Programme of the University of Delhi this year(2016).
Needless to say it hasn't been an easy ride. The professors are good but the exams are just way too tough. Even getting 60% is a tough job.

But still to prepare yourself well for the exams I would STRONGLY suggest that you thoroughly go through the previous year question papers (that I am providing here) of all the subjects to get an idea about the questions format.

Here I have attached the Previous year question papers of Nuclear and Particle Physics which is taught in the First Semester. The files are in PDF format.
