

Privacy Policy of Celesse – Digital Assistant for Physicists

This Application collects some Personal Data from its Users.

Policy summary

Personal Data collected for the following purposes and using the following services:

Device permissions for Personal Data access

Personal Data: Microphone permission

Full policy

Data Controller and Owner

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are:

Microphone permission.

Complete details on each type of Personal Data collected are provided in the dedicated sections of this privacy policy or by specific explanation texts displayed prior to the Data collection.

The Personal Data may be freely provided by the User, or, in case of Usage Data, collected automatically when using this Application.

All Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without any consequences on the availability or the functioning of the service.

Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Any use of Cookies – or of other tracking tools – by this Application or by the owners of third party services used by this Application serves the purpose of providing the service required by the User, in addition to any other purposes described in the present document and in the Cookie Policy, if available.

Users are responsible for any third party Personal Data obtained, published or shared through this Application and confirm that they have the third party's consent to provide the Data to the Owner.

Mode and place of processing the Data

Methods of processing

The Data Controller processes the Data of Users in a proper manner and shall take appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition to the Data Controller, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of the site (administration, sales, marketing, legal, system administration) or external parties (such as third party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Data Controller at any time.

Place

The Data is processed at the Data Controller's operating offices and in any other places where the parties involved with the processing are located. For further information, please contact the Data Controller.

Retention time

The Data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

The use of the collected Data

The Data concerning the User is collected to allow the Owner to provide its services, as well as for the following purposes: Device permissions for Personal Data access.

The Personal Data used for each purpose is outlined in the specific sections of this document.

Device permissions for Personal Data access

Depending on the User's specific device, this Application may request certain permissions that allow it to access the User's device Data as described below.

By default, these permissions must be granted by the User before the respective information can be accessed.

Once the permission has been given, it can be revoked by the User at any time. In order to revoke these permissions, Users may refer to the device settings or contact the Owner for support at the contact details provided in the present document.

The exact procedure for controlling app permissions may be dependent on the User's device and software.

Please note that the revoking of such permissions might impact the proper functioning of this Application.

If User grants any of the permissions listed below, the respective Personal Data may be processed (i.e accessed to, modified or removed) by this Application.

Microphone permission

Used for accessing and recording microphone audio from the User's device.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Device permissions for Personal Data access

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Data Controller, in Court or in the stages leading to possible legal action arising from improper use of this Application or the related services.

The User declares to be aware that the Data Controller may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third party services may collect files that record interaction with this Application (System logs) or use for this purpose other Personal Data (such as IP Address).

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

The rights of Users

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data Controller to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data Controller at the contact information set out above.

This Application does not support "Do Not Track" requests.

To determine whether any of the third party services it uses honor the "Do Not Track" requests, please read their privacy policies.

Changes to this privacy policy

The Data Controller reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data Controller remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data Controller has about Users.

Information about this privacy policy

The Data Controller is responsible for this privacy policy.

Latest update: July 19, 2017

iubenda hosts this page and collects some Personal Data about Users

Manas Sharma

I'm a physicist specializing in computational material science with a PhD in Physics from Friedrich-Schiller University Jena, Germany. I write efficient codes for simulating light-matter interactions at atomic scales. I like to develop Physics, DFT, and Machine Learning related apps and software from time to time. Can code in most of the popular languages. I like to share my knowledge in Physics and applications using this Blog and a YouTube channel.
